

**REQUESTING REASSIGNMENT OF DEPUTIZED STAFF  
(DPO SERIES AND SPO)**

**AUTHORITY:** Department Policy

**RESCINDS:** Procedure Manual Item 1-3-201, dated 07/27/2021

**FORMS:** [DPO/Sr. DPO/SPO Seniority List](#)

**PURPOSE:** To standardize procedures for reassignment of Deputy Probation Officers (DPOs), Senior Deputy Probation Officers (Sr. DPOs), and Supervising Probation Officers (SPOs).

I. GENERAL INFORMATION

A. Criteria for Staff Reassignment

1. Staff work assignments are made to meet the operational needs of the Department. The Department will make every effort to honor assignment preference requests when filling vacant assignments. The assignment preference of the employee is considered but not guaranteed. Staff are expected to accept the assignment/reassignment with professional demeanor and to perform all assigned tasks according to performance standards.
2. The primary consideration, **with exceptions noted in Section 1.B.**, below, when reassigning a DPO, Sr. DPO, or SPO requesting a transfer will be the start date in their current classification (also known as time in grade). If two or more staff have the same start date in their current classification, tie breakers will be based on the following:
  - a. County service hours
  - b. County employee ID number (lower numbers have higher seniority).
3. The seniority list (name and ranking number only) for each of the three classifications is available on Prob-net. Staff with the same time and grade will be identified on the list.
4. Staff with documented performance issues with the preceding 12 months shall not be considered for transfer unless specifically approved by their respective chain of command.
5. Staff who have requested reassignment to a position subsequently filled by another person or staff who have not requested reassignment and are reassigned, may request and will receive feedback from their supervisor regarding that **decision. Further**, Staff may seek and will receive additional feedback from their Division Director (DD).

6. Probationary employees benefit from consistent training and therefore will generally not be reassigned without Chief Deputy Probation Officer (CDPO) approval.
7. Prior to a major deployment of a Basic Probation Officer Core (BPOC) Academy or when a new program is initiated or when other anticipated assignment vacancies are known, an e-mail will be sent to all applicable staff to inform them of anticipated vacant assignments at least seven calendar days prior to filling the vacancy.
8. During a major deployment of a BPOC Academy and after posted anticipated vacant assignments are filled, any subsequent vacancies that are created will be filled by using assignment preference forms (APF) on file.
9. Information regarding employee assignment preference will be maintained in the office of the CDPO, Adult Operation Bureau (AOB).

**B. Positions Requiring existing Skills, Experience, Training, Knowledge, and/or Special Skills**

1. **Certain assignments throughout the department require the assigned DPO/SPO to possess existing skills, experience, training and/or knowledge as determined solely by the Chief Probation Officer. Transfers to these identified positions will not be based solely on time in grade. Transfer decisions to these identified assignments will be made by the Chief Probation Officer (CPO), or designee based on the information received during the selection process outlined in Section I.B.3. below.**
2. **Identified assignments requiring existing skills, experience, training, knowledge and/or special skills include the following:**
  - a. **Canine Handler (DPO position)**
  - b. **Task Forces (AB 109 District Attorney Task Force-DATF, Orange County Sheriff's Department Tactical Apprehension Team-TAT, Orange County Violent Gang Task Force-OCVGTF, and US Marshall Service Regional Fugitive Task Force-USMS/RFTF) (DPO positions)**
  - c. **Internal Affairs (Professional Standards Division) (SPO only position(s))**
  - d. **Rangemaster (SPO only position)**
  - e. **Backgrounds (SPO only position)**
3. **When a rotational opportunity requires existing skills, experience, training, knowledge and/or special skills, the rotational opportunity will identify the assignment as such. The rotational opportunity bulletin will clearly specify what additional information or steps will**

be required from a staff member pursuing transfer to the assignment. The staff member will be required to submit an Assignment Preference Form (APF) along with any required written information. The additional information or steps required could include any one or combination of the following:

- a. **A memo outlining relevant skills, experience, training, or knowledge**
- b. **Examples of relevant work (e.g., completed court reports that demonstrate writing ability)**
- c. **An interview designed to illicit information directly related to the assignment**
- d. **Minimum physical standards (e.g., necessary to be a use of force instructor/rangemaster or canine handler)**

4. **Selection Process**

The CPO, or designee, will complete the following steps:

- a. **Review the APF for all candidates**
- b. **Review the written material requested to be submitted with the APF (e.g., memo outlining relevant skills, experience, training, or knowledge, examples of relevant work, etc.)**
- c. **Review the candidates most recent performance evaluation**
- d. **Review the results of interview (if applicable)**
- e. **In the event candidates are rated equally, time in grade seniority will be considered in the final selection process.**

5. **Staff who have requested reassignment to a position but not selected to fill the position based on existing skills, experience, training, and knowledge may request and receive feedback regarding the selection process from their respective CDPO.**

C. **Reassignment Requests/Statements of Preference**

1. Each DPO/SR. DPO/SPO is expected to update his/her Assignment Preference at least annually, immediately following any change in assignment, promotion, position reclassification, return from Leave of Absence or change in position status. The employee should update his/her Assignment Preference whenever the employee wishes to be considered for reassignment or desires to change a previously expressed assignment preference.
2. Copies of all APFs are maintained by the Bureau Secretary assigned to the AOB CDPO.

3. Requests for reassignment by DPO/SPO will be submitted via the automated APF application found in the Employee Management System (EMS) on ProbNet.
